## Career Objective

Results-driven Frontend Developer with expertise in React and MERN stack, experienced in building scalable, user-friendly web applications. Skilled in modern UI/UX practices, I focus on creating clean, efficient, and engaging digital experiences.

## Skills

### Technical Skills:

**Frontend:** React.js, JavaScript, Tailwind CSS, React Router, React Query, Axios, Firebase

**Backend:** Node.js, Express.js, MongoDB

**Programming Language:** JavaScript

**Other Tools:** Git, GitHub, JWT, REST API, Netlify, Vercel, Surge, Firebase, Figma

**Soft Skills:** Hard Worker, Quick Learner, Active Listening

## Projects

### • FORUM-PROJECT

Live

A platform that connects rescued pets with loving adopters. Users can browse available animals, submit adoption requests, donate via Stripe, and manage pets through a responsive dashboard.

Authentication with Google & GitHub, Stripe Payment Integration, Pet Management Dashboard (Add/Edit/Delete/Adoption handling)

Technology used: React, Tailwind CSS, React Query, Stripe, Node.js, Express.js, MongoDB, Firebase, JWT

### • COFFEE-SHOPE Coffee Ordering & Admin System

Live

A comprehensive MERN stack application designed to modernize dining experience. Food browsing, search, order placement & tracking.

Admin Dashboard (Add/Update/Manage Foods & Orders), Secure Authentication (Email/Google Login + JWT Protected Routes)

Technology used: MERN Stack, JWT, Firebase, Tailwind CSS

### • DIVINE-BOOK & Resource Hub

Live

A full-stack platform for gardening enthusiasts to share tips (CRUD), browse and filter gardening ideas, and explore gardener profiles.

Share & Manage Gardening Tips (CRUD with category, difficulty, visibility), Browse & Filter Tips, Like System & Theme Toggle (Light/Dark)

Technology used: React, MERN Stack, Firebase, Tailwind CSS, DaisyUI, Vercel, Firebase Hosting

## Education

Completed Dawra Hadis – Haiyatul Uliwa, Bangladesh
